DECEMBER LOW MARK IS SET HERE

Temperature Drops to 21 Degrees Below Zero During Night and Registers 17 Below at 7 A. M.

IS THE COLDEST ON RECORD

Coal Shortage Believed Relieved Temporarily Since Four Cars Arrived Since Yesterday

MANY MORE ARE ON THE ROAD

Weather Prediction Indicates Weather Will be Less Severe—Traffic Still Delayed

Burns Up Stool Chairs Then Family Goes to Bed

A Rushville man called at a Rushville coal dealers and begged for some coal. He said he burned up all the stool chairs and top off the sewing machine yesterday and that his family was in bed to keep from suffering from the cold. The dealer on whom he called had no coal.

The lowest December temperature in the history of the government weather station in this county was recorded last night when the mercury descended to twenty-two degrees below zero. This is the coldest weather on record for this month. Records have been kept by the Rush county weather observer for thirty-six years.

On the heels of the new low record established last night, came prospects today of warmer weather because the prognosticator predicted cloudy weather with snow for tomorrow. Not so cold tomorrow is the forecast and the mercury moved up higher today than it has since Saturday, indicating less severe weather for tonight.

The coal shortage appeared to be relieved temporarily today. Four cars of coal have arrived since yesterday afternoon, making nine cars all together which have reached Rushville since last Friday, the day before the cold wave came. Several cars consigned by the fuel administration are on the road so that coal should continue to arrive almost daily.

The county fuel administrator ordered by mail a car each for Gings, Sexton and Milroy and today he put in a request by telephone for a car each for Carthage and Falmouth and four cars for Rushville. The coal for Rushville will be consigned to John P. Frazee. These requests have not been accepted, and the fuel administrator has no assurance that they will be. However, practically all of the requests he has made from the fuel administration have developed into orders.

Three cars of West Virginia coal reached John P. Frazee yesterday afternoon and one car consigned by the fuel administration to T. H. Reed and son arrived. William Dagler unloaded one car of Pennsylvania coal yesterday and is expecting another of the same kind of coal at any time.

Traffic was still demoralized today, though conditions were better than yesterday. Steam trains were still running late and the I. & C. traction line was running cars every

TO ACCEPT NO MORE MEN

Second Indiana Artillery at War Strength, Byron Cowing Learns

No more recruits can be accepted in the Second Indiana Artillery, into which thirteen Rush county young men were sworn on Saturday evening, is the word received by Byron Cowing of this city today. The regiment has fully reached war strength. Plans are being formed now and work is going on to fully complete the organization of the regiment.

TWO MORE ACCEPTED FOR FLYING SERVICE

Jerome Caron and Carl Higgs Taken to Fort Thomas for Training—Others to Enlist

TEN CAR LOADS OF RECRUITS

Jerome Caron, son of Mr. and Mrs. Charles Caron, was accepted for the flying section of the United States signal corps in Indianapolis yesterday and went to Fort Thomas, Ky., last night with ten car loads of candidates for the aviation. Word has been received by relatives that Carl Higgs of this city has passed the examination for the aviation service and is now at Fort Thomas. Young Higgs is the fourteenth Rush county boys to enter this branch of the service.

Harry Schatz and Irwin Greeley, who also went to Indianapolis yesterday for the purpose of getting in the flying service, returned last night without enlisting, because the first question asked recruits yesterday was if they were willing to leave last night for Fort Thomas without returning to their homes. These two boys were not ready to go into training immediately and for that reason did not enlist. They expect to enlist Saturday.

It was this same reason which caused Ernest Church not to enlist yesterday because it will require a week for him to get ready to leave home permanently. He expects to enlist as a mechanic in aviation.

DIFFICULT TIME FILLING VACANCY

Supt. Scholl is Unable to Find Anyone to Take Charge of Commercial Course

FOUR TELEGRAMS FRUITLESS

Superintendent J. H. Scholl is having a difficult time to fill the vacancy in the high school faculty made by Orus Malott, commercial teacher, who has enlisted and left today to enter the service. Four telegrams were sent last night in order to locate a competent teacher for the position, but as yet none has been found to fill the place. Miss Gertrude Wilkinson, who took stenography in the local high school and attended business college in Indianapolis, is at the school today and will take charge of the classes until a teacher is found.

Both of the teachers who are here to fill the places of W. C. Wiley and R. J. Blank have taken charge of their classes. E. E. Owens of Lebanon, Ind., has charge of the history classes and Roy Kennedy of Westport is teaching science.

AMERICANS REHEARSE

(By United Press.)

American Expeditionary Forces, France, Dec. 11.—American artillery tried out gas shells for the first time today. The experience was in a complete rehearsal of an assault, from preparation of fire to the aerial charge.

COMMITTEES WILL AID REGISTRATION

Five Are Appointed by Legal Advisory Board to Assist in Filing out Questionnaires

SCHOOL OFFICIALS TO HELP

Supt. George Suggests That They Aid Registrants Who Can Not Come to Rushvile

The legal advisory board created by the new regulations for the selective act has announced the appointment of five committees, which will advise registrants in regard to filling out their questionnaires.

On of the committees will be in session at all times in the court house after the first questionnaires are mailed out to registrants. The county army selection board expects to be ordered to begin mailing out the questionnaires December 15. The regulations provide five per cent shall be mailed out each day until all are mailed. The registrant is allowed ten days in which to return the questionnairs with the questions answered.

Registrants will be notified through local newspapers when and where the committees of the legal advisory will be. The five committees are composed of the following:

Donald L. Smith, Will Newbold, A. L. Stewart, Harley Frazier, Charles A. Frazee.

Judge Morris, H. E. Barrett, B. F. Miller, Albert C. Stevens, Wallace Morgan.

Samuel L. Trabue, Gates Ketchum T. M. Green, Judge Megee, Walter E. Smith.

C. W. Duncan, A. L. Gary, J. A. Titsworth, J. T. Arbuckle, Roy Harrold.

Will M. Sparks, James V. Young, A. B. Irvin, E. B. Thomas, J. Q. Thomas.

Superintendents and principals in the schools of the county are being asked to aid in the filling out of the questionnaires. County Superintendent George received a letter from Washington today saying that the teachers of the county could be of great aid to the young men in explaining the questionnaires and aiding them in filling them out. Mr. George, knowing that the instructors over the county will be competent and willing to aid the government in this way, is asking them to follow the suggestion of the government in this respect. It will be necessary for them to become acquainted with the law and the points in the questionnaire.

Superintendent George suggests that it might be inconvenient for young men in the farthest points in the county to come to Rushville to consult the board and the principals and superintendents in each township could meet on stated evenings to aid the men in their locality. Practically all of the instructors are busy the entire day and would have to do this work at night. In fact all of them teach all day with the exception of Superintendent Wagoner of Milroy.

AMERICA'S WAR CROP BIGGEST IN HISTORY

Record Corn Crop Amounts to 3,159,494,000 Bushels and is Valued at $4,053,672,000

Washington, Dec. 11.—America's war crops this year were the most valuable in its history, according to final estimates on acreage, production and value announced by the department of agriculture today.

The record corn crop amounted to 3,159,494,000 bushels, with a farm value of $4,053,672,000.

Winter and spring wheat production was 650,828,000 bushels, valued at $1,307,418,000.

SERVICE FLAG IS GIVEN HIGH SCHOOL

Impressive Ceremony Accompanies Presentation by Senior Class This Morning.

MISS KATHRYN WOODEN TALKS

Flag Contains 53 Stars, Representing Present and Former High School Students in War.

An impressive service accompanied the presentation of the large service flag, bearing 53 stars, to the high school this morning by the members of the Senior Class. As Miss Kathryn Wooden finished the presentation speech with words of the poem "The Service Flag," a string holding the flag concealed in place near the top of the south wall of the assembly was cut, allowing the beautiful flag to unfold and display the 53 stars, one for each young man in the service who has been a student in the high school at some time.

Preceding the presentation an excellent program was given by the members of the senion class when the seniors sang three songs with original words after which Miss Wooden gave the speech of presentation as Miss Kathryn Wyatt lowered the flag. Supt. J. H. Scholl accepted the flag for the school. He spoke of the admirable spirit and talent exhibited by the senior class and said that the boys in the service would surely appreciate the news of what the school had done. He said too much praise could not be given pupils who are keeping alive the patriotic spirit of the school. Principal S. F. Stewart asked that all respect and keep unstained the beautiful flag presented and suggested gold stars be added should any of the boys lose their lives.

Orus Malott, who leaves this evening to join the navy, gave a fine talk, showing his determination to take his place in the world struggle. His talk was interspersed with wit and pathos. Although Mr. Malott has been in the community but a short time, he has made many warm friends. The teachers presented him with a beautiful gift as a remembrance of their appreciation of him. As John Norris led the school in giving nine rahs for the departing ones the school lustily expressed their good will for Mr. Malott, Erwin Greely and Harry Schatz, the last two who are leaving Saturday to enlist.

Miss Marjorie Thomas then played "The Star Spangled Banner" and the school rose as one person, singing the national anthem. The program closed with a fine reading of Riley's "Old Man and Jim" by Miss Gladys Bebout, a talented young reader.

Miss Kathryn Wooden in presenting the flag spoke as follows:

"Today we are most concerned with the sway of this great war. Everywhere we go we hear it and day by day we see our friends leaving us and joining the ranks. We are unable to join the march to the front for the support of those who have gone to face the enemy. They are apt, in time, to wrap the coat of seriousness about them and there is a danger of them becoming hardened, weary, and discouraged if our support is the least bit lacking.

"Last week Mr. Blank and Mr. Wiley left our school and this morning we are to bid farewell to Mr. Malott. I am sure that I voice the sentiment of the entire school when I say we are most grieved to see him leave. Three boys of our school left in the past week, two of whom were seniors and I am sure the class will miss them in its various activities. We do not wish to feel that we have given up these young men; we have only loaned them to Uncle Sam for a while and we hope and pray that they will be returned to us safely and as well as we have lent them.

COST ONE HUNDRED LIVES

Portugal's Revolution Also Resulted in 500 Being Wounded

(By United Press.)

Lisbon, Dec. 11.—Portugal's successful revolution cost one hundred deaths and five hundred wounded. Colonel Paes issued a summary of the orders immediately explaining all of the cause of the rioting. Premier Costa and Foreign Minister Soares arrived here today from Paris where they attended the inter-allied meeting.

ROARS CHALLENGE TO THE ALLIED ARMY

German Artillery Believed to be Preparing For Heaviest Attack Since Invasion of 1914

FRENCH MAY BEAR THE BRUNT

(By United Press.)

Amsterdam, Dec. 11.—Plans for the greatest all-German offensive campaign on the western front were made at a meeting Friday of Field Marshal Von Hindenberg, Premier Hertling and Quartermaster General Ludendorff, according to dispatches received here today

London, Dec. 11.—Over the whole of the west front today, the German artillery was roaring a challenge to the French and British armies. Somewhere along the German battle front, it is believed Germany is preparng to make the heaviest attack since the invasion of 1914.

She is masking the place chosen for that assault by an artillery bombardment along the sectors of the British and French lines. From this is decided that Hindenberg had chosen the French as the opponents for his masked army. Field Marshal Haig's war report today emphasized that Germany is seeking the weak spot in the western lines.

THIRTEEN NEGRO SOLDIERS HANGED

Those Who Participated in Riot at Houston, Texas, Pay Death Penalty Today

HANGING IS AT CAMP TRAVIS

(By United Press.)

Fort Sam Houston, San Antonio, Tex., Dec. 11.—Thirteen negro soldiers were hanged here early today after participating in the Houston riot of August 14. Forty-one were given life term sentences in the federal prison, one was given two years and six months, three were given two years and five were acquitted.

So far as it is officially known, this is the first execution of American soldiers on American territory since the United States entered the war.

The executions were in charge of Major General John W. Ruckam, commander of the southern department It took place on the government reservation on Salado Creek, Camp Travis.

No one outside of military officials knew of the impending executions until this morning. The verdict convicting the negro soldiers was returned November 30.

FOR INFLUENCING A GIRL

Clarence Carpenter was arrested today on a bench warrant from the circuit court, charging him with influencing a ward of the state. He was released on $100 bond. It is said that he influenced a ward of the state girls school at Clermont, who was employed as a domestic in a Rushville home. She has disappeared and a search is being made for her.

ALL MUST AID IN RED CROSS DRIVE

County Has Few Not Able to Join Society—Endeavor to Enlist Half of Population

MANY WOMEN INDIFFERENT

Men, Who Have Not Enlisted, Have Made Few Sacrifices—Are Asked to Aid

Robert E. Mansfield, chairman of the Executive Board of the Rush County chapter of the Red Cross, when asked today concerning the big membership drive to be made by the society during the week of December 17-24, said:

"Rush, is one of two counties in Indiana that has a Red Cross membership equalling twenty percent of the total population. This is a record of which we are justly proud, and the pride of those interested in the work will increase in proportion to the gain in membership. In Rush County there are very few people who cannot afford to join the Red Cross, and we should by a careful canvass, be able to increase the membership to fifty percent of the population. That, I believe will keep the county at the head of the list in the state.

"Many patriotic American citizens who are seriously and deeply interested in every activity relating to the war, do not realize the importance of the Red Cross as a vital factor in this great conflict. A visit to the Red Cross headquarters in the Masonic Temple, or to the workshop of any of the several auxiliaries in the county, will be sufficient to convince any one of the tremendous activity and industry of the patriotic women who are providing daily hundreds of garments and articles of comfort and necessity for the men in training in this country, and for those in the trenches and the camps in Europe. The combined efforts of the women in the Red Cross workshops in America constitute one of the greatest industries engaged in war activities—an industry in which all the splendid executive ability and efficient labor employed are voluntary. The thing that insures continued activity in this work, and an increase in production by these voluntary and willing workers, is the loyalty of the women of the country, and the pride they take in providing garments, hospital supplies and surgical dressings for the soldiers. It is a work that appeals to their sentiment and their patriotism. And so long as the need exists, the American women can be depended upon to bear the major burden in this great humanitarian work.

"There is in this country, however, a few women who are apparently indifferent, or who do not realize the responsibilities devolving upon every citizen, and the necessity for individual effort and sacrifice in this great emergency. But this failure on the part of some women to realize the duties of the hour, and to meet fully the exegencies of the times, is true in a larger sense of

SENATE WILL PROBE AFFAIRS OF THE ARMY

Searching Inquiry Into Military Situation, Particularly Draft Army, Ordered

DRY AMENDMENT DUE MONDAY

(By United Press.)

Washington, Dec. 11.—A searching investigation into the whole military situation, particularly the organizing, training and equipping of the national army, was ordered by the senate military affairs committee today.

While the whole military situation will be probed, including conditions of the American expeditiinary forces in France, special attention will be directed to the draft army which has been the topic of many complaints as to equipment and organization.

The national prohibition amendment to the constitution will come up for consideration in the house next Monday. A record vote is planned by house leaders.

Passage of the amendment by a two-thirds majority will place the question up to the state, the senate having passed it last session.

Investigation of sugar and coal conditions by the senate committee on manufactures was ordered by a resolution ordered by Senator Lodge and adopted without debate.

MORBIDLY CURIOUS ARE DEPORTED TODAY

Special Trains Await Those Who Invade Halifax—Dead Being Buried Rapidly

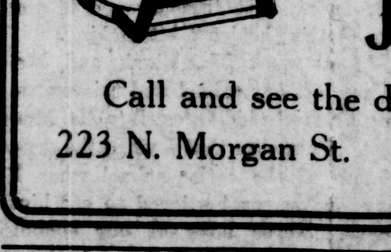

SHIPS DAMAGED BY EXPLOSION

(By United Press.)

Halifax, Dec. 11.—The morbidly curious who sought to enter Halifax today were confronted by armed guards who speedily shipped them out again in special trains which were made up and ready for the deportation.

The burial of the dead is being conducted as rapidly as possible. Volunteer grave diggers are hard at work today and tonight. Relief work is hampered by a severe storm.

Nine ships in the harbor were destroyed or badly damaged by the explosion of the munition steamer, it developed today.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients.

They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

ACME Worm Bouncer

To my customers:

On account of the increased cost of manufacture, I was compelled to advance the price on ACME WORM BOUNCER October 29th, 1917, and the following prices are now in force:

50 lb drums	$ 4.75 each
100 lb drums	9.25 each
150 lb drums	14.00 each
300 lb lots	28.00 each
500 lb lots	42.50 each
1000 lb lots	81.25 each

Self Feeders will be shipped free with the first orders as follows:

One Self Feeder free with	150 lb drums
Two Self Feeders free with	300 lb lots
Three Self Feeders free with	500 lb lots
Three Self Feeders free with	1000 lb lots

Above prices are subject to a cash discount of 2% 15 days. ACME WORM BOUNCER is now fed at the small cost of 6½c per month. Hogs must be fed something to expel and prevent free intestinal worms and the Cholera which is caused by them. It does not take many worms to eat up 6½c worth of feed at these prices. ACME WORM BOUNCER will expel the free intestinal worms from hogs, horses and sheep (if they have any), WILL POSITIVELY PREVENT THOSE WORMS and prevent over 90% of the hog Cholera which is caused by them, keep the bowels just right, the appetite good, and place the hogs in such condition that they will make the most of the feed and care given them. ACME WORM BOUNCER is honest goods at honest prices, and only remedy fed successfully in Self Feeders.

During the years ACME WORM BOUNCER has been fed, I do no know of a single customer who has fed ACME WORM BOUNCER for 30 days and continued to feed it and thereafter lost hogs with Cholera. You must feed your hogs something. Then why not feed a remedy which will positively produce these results? — and the reuslts you must produce in order to make hogs pay.

Newfoundland Aids England By Sending 10,000 Warriors

Newfoundland, though her population does not exceed that of a populous English industrial city, has sent 10,000 men to fight the battles of the British empire in this war, observes the Christian Science Monitor. It is a magnificent record, and exactly what one would have expected from a country which sent its fishing ships to help in the destruction of the great armada.

It was in 1583 that Sir Humphrey Gilbert took possession of the island in the name of his "most gracious lady, Queen Elizabeth;" it was only five years later that La Felicissima Armada left Corunna for English waters, so that Newfoundland had an early opportunity of establishing a tradition for gallantry which Newfoundlanders are so splendidly vindicating in the present war.

The "Ancient and Loyalle Colony" of Newfoundland is celebrating the four hundred and twentieth anniversary of her discovery, an occasion which is seized by the rest of the empire to wish her godspeed.

At Meeting Manufacturers Will be Urged to Give More Attention to Safety

DR. J. N. HURTY WILL SPEAK

(By United Press.)

Indianapolis, Dec. 11.—Delegates arrived today to attend Indiana's first safety congress which is being held in connection with the annual meetings of the Indiana Manufacturers' association. Manufacturers are being urged to give more attention to safety measures in order that lives and property may be conserved during the war period.

A public mass meeting will be held at Tomlinson hall tonight which will be addressed by Charles Bookwalter on "Industrial Accident Prevention;" and Dr. J. N. Hurty, secretary of the state board of health on "Health Conservation."

A Deadly Foe

Tuberculosis is as deadly a foe to our troops as German bullets and bombs. It is undermining the civilian life of this country and unfitting men for service in the army. Few Americans realize that it is estimated by physicians that 2 per per cent or 200,000 of the 10,000,000 men subject to the selective draft, will be found to be victims of this disease, and will therefore be among the "rejects."

These "rejects" must be cared for. The men who go to war must be protected against infection, and the country must be kept free of the scourge at a time when every ounce of vitality and energy are needed in the service of democracy.

"Will you do your part by buying more Red Cross Christmas seals than you ever bought before?" asks the Seal committee. "Remember, every seal provides ammunition in the fight against tuberculosis."

So far the administration has not placed farm implements in the list of preferential merchandises, and if this is not done the prices on this line of goods are liable to go even higher than at present. Farmers should consider this possibility and lay in all implements that will be needed for the next season's campaign. Remember the pressure is not yet removed. Another year's strenuous work is before us, if no more, and we should all profit by the successes and the failures of the past year.

A profitable employment for the girls is the making of handy little scrap books of jokes, cartoons, and short articles of local interest to be sent to brothers, sweethearts and friends in the camps and at the front. Make them as local in tone as possible and they will be much appreciated by the boys. No need to aim at permanency, as the boys will probably not be able to preserve them after they have enjoyed their contents.

The fellow who always has a kick coming, sometimes gets it.

IN THE RED CROSS DRIVE ALL MUST ASSIST

Continued From Page 1

the men. In fact very few men, except those who have volunteered their services, have made any sacrifices for the winning of this war. Almost none have made financial sacrifices. The contributions to the Red Cross War Fund, the purchase of Liberty Loan Bonds, and to the Y. M. C. A. fund, have generally been easily within the financial resources of the subscribers, involving no sacrifices. And many good citizens of Rush County have not contributed to any of these worthy causes, nor have they identified themselves with any of the many activities now occupying some of the time of a majority of the American people.

"To the indifferent women we would say, join with your friends in the Red Cross work. Your first day in the Red Cross work shop will give you a greater personal interest in, and a better appreciation of the importance of winning this war—an interest that will increase with each day devoted to providing some useful article, some comforts for the men who are fighting our battles.

"The man who has remained indifferent—adamant to the call of duty, should free his conscience by contributing some of his time and money. If your claims is that you cannot spare the time from business, just remember that in the event we loose, you will have no business, and the country whose protection you now enjoy, and which has enabled you to prosper, will pass under a control that will take from you not only your business but your liberties as well. You will then have time to reflect upon your failure to perform your part of the service necessary to save the country from Prussian domination.

"The Red Cross, the great humanitarian branch of the government service, and one of the potent factors in the war organization, will on Monday, December 17, start, a special membership campaign, in which an effort will be made to increase the membership in the United States to 15,000,000 is equal to only 15 per cent of the total population, a very small percent. indeed, considering the importance of the work being done.

"It is not only the patriotic duty, but should be the pleasure of every citizen of Rush County to subscribe to this humanitarian cause. The ordinary annual membership fee in the Red Cross is one dollar. Subscribing members, who receive the Red Cross Magazine, the official organ of the society, pay two dollars a year.

"Rush county will be organized into districts, and canvassers will be assigned to each subdivision. Every resident of the county will be solicited to become a member, and when this canvass closes, those who have failed to avail themselves of the opportunity of becoming identified with this branch of the service will have voluntarily placed themselves upon the small list of indifferents, whose next classification is SLACKER.

Doctors Hand Out Live Tips

They Take The Public Into Their Confidence

Prominent physicians claim people fail in life because of "nerve hunger" that it is the active bright-eyed, strong nerved man or woman who is "there" at work or play.

Strong, well nourished nerves is the great secret of success, health and happiness.

Men and women try to live regardless of health, strength, ambition, energy and hope, they exceed the speed limits, wasting nerve strength and energy and fail to store up reserve force, afterwards they only exist, life has no joys.

Without energy, ambition, strong nerves, and pure blood one cannot hope to enjoy the fullest measure of success and happiness.

A noted specialist says, "Phosphated Iron brings strength to the blood, nerves and brain, that it is a perfect combination of vital elements of great tonic qualities when taken by 'Nerve-sick humans,' that it will increase body and nerve energy, restore ambition and staying powers."

He also says: "If you are the victim of overwork, worry, excess of mental and physical forces, have the blues, and the pleasures of life are no longer enjoyable, that you need Phosphated Iron to brace, build you up and put you on your feet again."

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets. PITMAN & WILSON and leading Druggists Everywhere. Rushville, Ind.—(Adv.)

NO DELIVERY

We feel that with the elimination of our delivery system and selling for STRICTLY CASH we can give the public a much better price on food stuff.

The Government has requested the utmost efforts on our part toward reducing the cost of delivering merchandise. Your patriotism, we know, will encourage your co-operation in assisting us to comply with the request. You will agree that every store operating a delivery system of any kind is an extra expense which the public pays.

"IT PAYS TO CARRY IT HOME"

This co-operation will help greatly toward a saving and will result in lower price to you, as our method of selling goods is based entirely on the cost of merchandise, plus expense and reasonable profit. Therefore we say

A SURE REMEDY FOR SOUR STOMACH AND CONSTIPATION.

A few minutes after taking Pepsinco, sour stomach is relieved. No gas, misery, or heaviness bothers. Follow a few meals with Pepsinco and a natural, normal bowel action will be the result.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behooves every one to watch for the sign.

Pepsinco is the best remedy for any ailment of the stomach and positively regulates the bowels without any harmful effect. Pepsinco does not act on the bowels in the manner of a cathartic. Take Pepsinco if you have any of the symtoms of poor digestion. Pepsinco carries out natures method thru its positive digestive action. A small package gotten at any drug store will prove our assertion. Ask for Pepsinco and get it. Fully guaranteed.

MANY POUNDS OF MEAT AND WHEAT ARE SAVED

Savings by Hotels and Restaurants Alone For One Month is Estimated in Reports

LESS WHEAT AND MEAT SOLD

About 500 pounds of meat and 300 pounds of wheat were saved by the restaurants and hotels alone during last month by the observance of "Meatless Tuesdays" and "Wheatless Wednesdays." This is a modest estimate considering the fact that each restaurant and hotel reports at least one hundred pounds of meat saved during the month; some of them report several pounds over. An average if 75 pounds of wheat was saved by each of the hotels and restaurants during the month.

This report, too, does not include the saving of these products by the practice of the meatless and wheatless days in private homes. There is no way of estimating the enormous saving which has resulted from a month's observance of these days by a number of the homes of the county. The grocers and meat dealers report, however, that the decrease in the sale of thees porducts is noticeable while they say that the sale of corn meal and substitutes make up for the shortage in the sale of other products. Fish dealers too say their business has had a jump since Rush County has started to "Hooverize." Monthly reports are sent in by the hotels of the city to H. E. Barnard, state food administrator, as to the quantity of meat and wheat they have succeeded in saving.

FIREMEN ASKED TO BE MORE CAREFUL

Request Made by State Fire Marshal at Rotary Club Meeting in Evansville

MAY HAVE POLICE POWERS

(By United Press.)

Evansville, Ind., Dec. 11—Recommendation that firemen give more attention to prevention of blazes, inspection of buildings, removal of inflammable rubbish and other such work, was made by H. A. Friedley, state fire marshal, in speaking before the Rotary club here today. Friedley recommended that firemen be given full police powers to carry out this work successfully.

"The fire department should be held to account for enforcement of ordinances relating to fire prevention." he said.

He complimented the business men of Evansville on their work toward fire pervention. He stated that the city had made great progress in removing fire traps and in construction of better buildings. In the first nine months of 1916 the fire loss per capita for Evansville was $2.72 and in the same period for 1917 it was $1.90.

HOTELS TO CONSERVE MORE

Hooverized Banquet Will be Served to Hotel Men

(By United Press.)

Indianapolis, Dec. 11.—Further steps toward conserving food supplies by hotels were decided upon at the annual meeting of the Indiana Hotel Keepers' association here today. The hotel men decided upon more stringent observance of meatless and wheatless days and other orders of the food administration. A Hooverized banquet will be served to the members at the Severin hotel tonight. There will be no wheat or meat in the foods. The association has more than 700 members, the annual reports, presented today, show.

A very interesting program on "Charles Dickens" was given at the meeting of the Shakespeare Club held with the Misses Jessie and Pearl Kitchen when they were assisted in entertaining by Mrs. Glenn Thomas. Miss Kate Dennis opened the program with a paper on "The Life of Charles Dickens," dealing in an interesting way with the incidents in his life especially as they affected his writings. Miss Edith Caldwell chose some of the best extracts from "Christmas Carol," in the clippings which she gave and an excellent review of "Nicholas Nickelby" was given by Miss Henrietta Coleman.

A short business meeting followed the program, and later the hostesses served dainty refreshments to the fifteen club members present. The next meeting will be January 7, when Prof. Jenkins will lecture on "Dickens."

Invitations are out for the recital to be given by Nicholas Vachel Lindsay, modern poet, at the Social Club on Friday evening at eight o'clock. The poet, who has gained popularity in the past few years by his poems and his own original way of giving them, has offered his services to friends here that the entire proceeds from the entertainment may go to the local Red Cross society. The entertainment is under the auspices of the Shakespeare Club assisted by several Social Club ladies. No admission will be charged but a silver offering will be taken for the benefit of Red Cross.

Mr. Lindsay comes here from the east where he has given recitals in Philadelphia, Pittsburg, New York and a number of other eastern cities. His home is in Springfield, Illinois.

The inclemency of the weather did not decrease the interest and enthusiasm in making the meeting of the Ladies Musicale yesterday afternoon an excellent one. As this was the last meeting of the year, a Christmas program was carried out as follows with Mrs. Joe Clark and Mrs. Ralph Miles as leaders:

America.

Piano Duet—Cujus Animan, Mrs. Ralph Miles, Mrs. Ed Chambers.

Piano Solo—"Oh, Thou Sublime Sweet Evening Star," Mrs. Radph Miles.

Vocal Solo—"Calling Me Home to You," Miss Mabel Morris.

Piano Duet—Mrs. Denny Piper and Mrs. Elmer Kellam.

Paper—"Christmas Music," Mrs. R. W. Noyer.

Vocal Quartet—"Silent Night," Miss Wanda Wyatt, Miss Alice Norris, Mrs. D. D. VauOsdol, Mrs. Frank Wolcott.

Piano Solo—Mrs. Frank Parke.

Vocal Solo—"Christmas Lullaby," Miss Marian Lucas.

The members of the Always Present class will be entertained tomorrow evening by Miss Hazel Stoops at her home in North Morgan street. All of the girls are requested to be present and they are urged to bring an apron, which will be sold in the apron booth at the parcel post sale which will be held in the room south of the Kennard Jewelry store, Wednesday, December 19. Further plans will be made for the sale at this meeting.

Mrs. Claud Crane was hostess to the members of the Monday Study Circle yesterday at her home in Milroy, when she entertained the ladies with an all day meeting. The entire time was spent with Red Cross work and a pitch-in dinner was served at noon. The plans were made for the Christmas meeting which will be held with Mrs. William Bosley. At this time guest day will be observed.

Penny Pinching Not Always True Economy

I have learned that the intelligent housewife—the woman schooled in really scientific domestic economy—no longer throws away a nickel to save a penny.

A good way to illustrate this point would be through comparison of baking powders.

Experience has taught me—and millions of other women that it doesn't pay to buy cheap baking powders. They cost a few cents less, but in the long run they are decidedly the most expensive. Because of the low grade materials employed in their manufacture they cause many bake day failures—and great loss of expensive ingredients. The housewife throws out, in wasted materials many times the amount saved on the cost of the baking powder. This is not economy, but extravagance.

True economy in baking powder demands the highest quality at the lowest price. Only baking powders that meet these demands should be used. Only baking powder that is made of the highest class ingredients so perfectly proportioned that it not only produces maximum leavening power but also *preserves* it.

Besides, the baking powder that meets the modern demand for economy should be economical in use—full strength—economical in cost—secured at a moderate price. The housewife should be able to effect a saving when buying—and another saving when using—and she should save materials it is used with.

That is economy in its highest form. Complete economy. The only kind of economy the housewife should attempt.

I have proved positively by exhaustive experiments and comparative tests that Calumet Baking Powder is best suited to these savings. It possesses the surety, the purity and goodness that make constant employment of utmost baking economy possible.

MRS. ZILPHA HAYSE EXPIRES EARLY TODAY

Dies at Age of 70 Years of Kidney Trouble at Home of Her Sister Near Raleigh

FUNERAL THURSDAY AT 1 P. M.

Mrs. Zilpha Hayse died this morning at 2 o'clock at the home of her sister, Mrs. Susan Boles near Raleigh where she made her home, after an illness of one year. Her death resulted from kidney trouble. Mrs. Hayse was 70 years of age and was a member of the Center Christian church, where she was an active worker until the time of her sickness.

Mrs. Hayse is survived by three sisters, Mrs. Sissia Okey, Mrs. George Fletcher, Mrs. John Boles, and two brothers, Rufus Johnson and Walter Johnson.

The funeral services will be held at the home of Mrs. Boles Thursday afternoon at 1 o'clock with the Rev. J. P. Myers of Indianapolis officiating, and burial at the Raleigh cemetery.

Days Pickings

A baby girl weighing ten and one half pounds has been born to the wife of Carl Dishinger.

The semi-annual examinations will be given in the township schools on Thursday and Friday of next week. Questions for the examination were received by County Superintendent C. M. George today. Pupils in both the high schools and common schools in the county will take the examination.

DECEMBER LOW MARK IS SET HERE TODAY

two hours, instead of hourly according to schedule. The limited cars have been taken off until the weather improves.

The rural mail service was slightly improved over yesterday. Whereas only four carriers completed their routes yesterday, at one o'clock this afternoon some carriers had delivered all of their mail and the postmaster had no word from the others. He knew, however, that none had turned back. This morning the rural mail men delivered yesterday morning's papers because they could not wait until the mail train from the west arrived. It did not reach here until eleven o'clock, which was three hours earlier than the time of its arrival yesterday. Only one carrier used a horse and wagon yesterday and today two drove horses, the remainder traveling in machines.

Postmaster Hunt says the country roads are the worst they have been for years. It is the first time in four years, he says, that carriers missed the morning papers more than one day. Farmers have been slow in clearing the roads and mail men have had to carry shovels to dig their vehicles out of drifts.

COLD WAVE REDUCES RUBBER GOODS STOCK

Shortage Exists Anyway and Heavy Demands For Footwear Causes Supplies to be Exhausted

REASONS FOR THE SHORTAGE

The shortage in rubber overshoes, boots and such footwear and the decided drop in temperature with the heavy snow has kept the shoe men busy during the past few days. One dealer in men's shoes alone has sold at least one hundred fifty pairs of overshoes and boots and another reports that he sold all he had and could have sold $125 worth more on Saturday alone if he had had the goods. Several other dealers say they have sold between one and two hundred pairs, some having exhausted their stock.

Immense orders for army supplies and the lack of help, both have caused the shortage of such footwear. A number of the young men employed in the factories making these goods have joined the army and many of the girls are working in munition plants. Early this fall, the government placed immense orders with the factories for artic overshoes and rubber boots. This condition of affairs makes it very hard for local dealers to supply the demand of their customers.

HEARINGS ARE HELD ON TRACTION INCREASE

Large Number Protested Against Five Cent Fare Increase Because of Suburbs

WATCHED WITH INTEREST

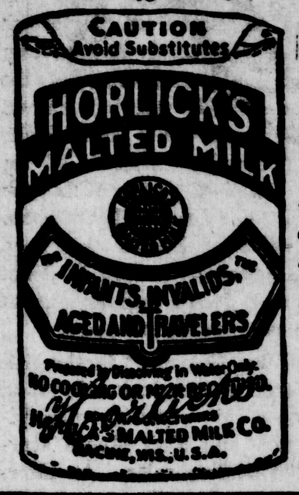

(By United Press.)

Indianapolis, Ind., Dec. 11.—Preliminary hearings were held today by the public service commission on the petition of the Indianapolis Traction Terminal company for permission to increase its fare to a straight five cents. A large number have protested against the increase, especially real estate men who believe it will hinder the growth of the city in suburbs. Auditors of the public service commission have thoroughly inspected the company's books and a valuation has been placed on the property by the commissions' engineers.

This case is being watched with interest all over the state for it is the first one of a general movement to increase car fares in all important cities.

Tonight at the Gem "Lonesome Luke" in a new comedy and another picture of the experiences of the "Neglected Wife" will be shown. Tomorrow, the favorite Mary Miles Minter appears in "Melissa of the Hills." In "Melissa of the Hills" she is just the appealing, childlike character which finds her at her best, and there seems no reason to doubt that the new drama will be one of Mary's most popular offerings.

"Little Miss Optimist" is the title of the clever picture to be shown at the Princess this evening with Vivian Martin and Tom Moore starring in the leading roles. An interesting romance is told through the story. Tomorrow, a college romance will be shown in "His Father's Son" in which Irene Hawley and Lionel Barrymore play the lead. The Pathe News features will also be added showing up to date happenings.

SERVICE FLAG IS GIVEN HIGH SCHOOL

Continued From Page 1

Others than those whom I have mentioned have heard the call and there are 53 boys now in the service who have at one time been members of this high school. We want them to know that we appreciate what they have done and that 'out of sight is out of mind' does not hold true in their case. We follow them in mind, across the seas, into the trenches and even to death if it so terminates.

"The class of '18 gives to the school at this time a service flag. The stars of 'Old Glory' each represent a state and the stars of this flag each a young man who has at one time been a member of this high school.

"I have been requested to read the names of those represented.

"I consider it quite an honor to represent the senior class on such an occasion. I am sure you will all appreciate the significanse of this beautiful emblem of service. I think our feelings are well expressed in the poem of William Hershell, 'The Service Flag.'" After this she recited the poem.

Although there are only 53 stars in the flag, there are 71 names of former students in the service in the appended list and stars will be added to the flag for those not represented. There are doubtless many others and any person who may think of students not in the list are asked to notify the school authorities or Harold Perkins, president of the senior class. The names follow:

Robert Abels, Fred Beale, Harold Bever, Allen Blacklidge, Weldon Brann, William Brann, Scott Buell, Robert Carr, Edward Cooning, Lester Coons, Ivan Coyne, Robert Conway, Lester Caron, Lawrence Cameron, Posey Denning, Cleo Emswellер, Walter English, Ira Fultz, Ozro Farthing, Walter Gartin, Lowell Green, Harry Green, Russell Gray, George Hogsett, Ross Hutchinson, Eugene Helm, Russell Kirkpatrick, Donald Moore, Stanton McBride, Howard Miller, Perry Oneal, Ralph Pea, Letcher Pope, Harold Pearce, Harry Petry, Lorraine Rosencrance, Archie Roam, Wilbur Snodgrass, Wilbur Spivey, William Sexton, Charles Schrichte, Charles Stiffler, Max Wallace, Fay Wiley, John Wilkinson, Edwin Watson, Harold Wolcott, Robert Humes, Duane Reed, Erwin Greely, Harry Schatz, Tom Saunders, Donald Sparks, Gus Williams, John Kennedy, Hines Hogsett, Joe Hitt, Gurney Abernathy, Chase Monjar, Fred Abernathy, Chester Perin, Eli Kinney, William Fitzerald, Harold McClannahan, Frank Griffin, Tom Meredith, Carl Wright, Howard Brecheisen, Marion Finney, Will McGuire, Orlando Simms.

ADDITIONAL SOCIETY

(Continued From Page 6.)

The members if the Sunshine Embroidery club will be entertained by Mrs. Fred Bell Friday afternoon at her home near Raleigh, instead of Wednesday afternoon.

The campaign song, composed and sung by the Rushville chapter of the Young Ladies Mission Circle at the Bethany conference this summer when the local girls were winners in the contest, appears in the cover of the Indana Quarterly published by the Christian Missionary societies. The girls opened the meeting of the Circle last evening with the singing of this song when they met with a life member of the Circle ,Deryl Case, at his home in North Main street.

Plans were made and leaders appointed for the three sides, into which the Circle has been divided, for the contest for membership to begin now. Three members of the C. W. B. M. will aid the leaders who are: Mrs. Glen Moore, leader of the Reds who will be assisted by Mrs. D. H. Dean; Miss Grace Billings, leader of the Whites who will be assisted by Mrs. G. P. McCarty; and Miss Florene Gronier, leader of the Blues, assisted by Mrs. J. H. Frazee. Mrs. Donald Alexander was elected campaign leader. Miss Cornelia Schrieber was elected president of the Circle since the resignation of Mrs. Scott Hosier who has been president in the past.

An interesting program featured the meeting last evening. Mrs. Marion Finney led the bible study and Miss Hazel Woollen read a paper on "The Immigrant." Following the program and business meeting dainty refreshments were served to the 18 members of the Circle present. The next meeting will be held with Miss Wanda Wyatt.

Red Cross Notes

Another shipment of knitted goods will be made from Red Cross on Saturday. Women having articles completed are asked to turn them in on Saturday afternoon and those having articles almost finished are asked to complete them by Saturday if possible for they are badly needed. If the headquarters are not opened on account of the cold, a representative of Red Cross will be in the postoffice lobby to take the articles.

CHILDREN BUY SEALS

Four hundred and eighty-six Red Cross seals were purchased by the children of the Jackson school building at recess today when a sale was conducted. The seals will be sold in all of the city schools.

Burns Up Stool Chairs Then Family Goes to Bed

A Rushville man called at a Rushville coal dealers and begged for some coal. He said he burned up all the stool chairs and top off the sewing machine yesterday and that his family was in bed to keep from suffering from the cold. The dealer on whom he called had no coal.

The lowest December temperature in the history of the government weather station in this county was recorded last night when the mercury descended to twenty-two degrees below zero. This is the coldest weather on record for this month. Records have been kept by the Rush county weather observer for thirty-six years.

On the heels of the new low record established last night, came prospects today of warmer weather because the prognosticator predicted cloudy weather with snow for tomorrow. Not so cold tomorrow is the forecast and the mercury moved up higher today than it has since Saturday, indicating less severe weather for tonight.

The coal shortage appeared to be relieved temporarily today. Four cars of coal have arrived since yesterday afternoon, making nine cars all together which have reached Rushville since last Friday, the day before the cold wave came. Several cars consigned by the fuel administration are on the road so that coal should continue to arrive almost daily.

The county fuel administrator ordered by mail a car each for Gings, Sexton and Milroy and today he put in a request by telephone for a car each for Carthage and Falmouth and four cars for Rushville. The coal for Rushville will be consigned to John P. Frazee. These requests have not been accepted, and the fuel administrator has no assurance that they will be. However, practically all of the requests he has made from the fuel administration have developed into orders.

Three cars of West Virginia coal reached John P. Frazee yesterday afternoon and one car consigned by the fuel administration to T. H. Reed and son arrived. William Dagler unloaded one car of Pennsylvania coal yesterday and is expecting another of the same kind of coal at any time.

Traffic was still demoralized today, though conditions were better than yesterday. Steam trains were still running late and the I. & C. traction line was running cars every

TO ACCEPT NO MORE MEN

Second Indiana Artillery at War Strength, Byron Cowing Learns

No more recruits can be accepted in the Second Indiana Artillery, into which thirteen Rush county young men were sworn on Saturday evening, is the word received by Byron Cowing of this city today. The regiment has fully reached war strength. Plans are being formed now and work is going on to fully complete the organization of the regiment.

TWO MORE ACCEPTED FOR FLYING SERVICE

Jerome Caron and Carl Higgs Taken to Fort Thomas for Training—Others to Enlist

TEN CAR LOADS OF RECRUITS

Jerome Caron, son of Mr. and Mrs. Charles Caron, was accepted for the flying section of the United States signal corps in Indianapolis yesterday and went to Fort Thomas, Ky., last night with ten car loads of candidates for the aviation. Word has been received by relatives that Carl Higgs of this city has passed the examination for the aviation service and is now at Fort Thomas. Young Higgs is the fourteenth Rush county boys to enter this branch of the service.

Harry Schatz and Irwin Greeley, who also went to Indianapolis yesterday for the purpose of getting in the flying service, returned last night without enlisting, because the first question asked recruits yesterday was if they were willing to leave last night for Fort Thomas without returning to their homes. These two boys were not ready to go into training immediately and for that reason did not enlist. They expect to enlist Saturday.

It was this same reason which caused Ernest Church not to enlist yesterday because it will require a week for him to get ready to leave home permanently. He expects to enlist as a mechanic in aviation.

DIFFICULT TIME FILLING VACANCY

Supt. Scholl Is Unable to Find Anyone to Take Charge of Commercial Course

FOUR TELEGRAMS FRUITLESS

Superintendent J. H. Scholl is having a difficult time to fill the vacancy in the high school faculty made by Orus Malott, commercial teacher, who has enlisted and left today to enter the service. Four telegrams were sent last night in order to locate a competent teacher for the position, but as yet none has been found to fill the place. Miss Gertrude Wilkinson, who took stenography in the local high school and attended business college in Indianapolis, is at the school today and will take charge of the classes until a teacher is found.

Both of the teachers who are here to fill the places of W. C. Wiley and R. J. Blank have taken charge of their classes. E. E. Owens of Lebanon, Ind., has charge of the history classes and Roy Kennedy of Westport is teaching science.

COMMITTEES WILL AID REGISTRATION

Five Are Appointed by Legal Advisory Board to Assist in Filing out Questionnaires

SCHOOL OFFICIALS TO HELP

Supt. George Suggests That They Aid Registrants Who Can Not Come to Rushvile

The legal advisory board created by the new regulations for the selective act has announced the appointment of five committees, which will advise registrants in regard to filling out their questionnaires.

On of the committees will be in session at all times in the court house after the first questionnaires are mailed out to registrants. The county army selection board expects to be ordered to begin mailing out the questionnaires December 15. The regulations provide five per cent shall be mailed out each day until all are mailed. The registrant is allowed ten days in which to return the questionnairs with the questions answered.

Registrants will be notified through local newspapers when and where the committees of the legal advisory will be. The five committees are composed of the following:

Donald L. Smith, Will Newbold, A. L. Stewart, Harley Frazier, Charles A. Frazee.

Judge Morris, H. E. Barrett, B. F. Miller, Albert C. Stevens, Wallace Morgan.

Samuel L. Trabue, Gates Ketchum T. M. Green, Judge Megee, Walter E. Smith.

C. W. Duncan, A. L. Gary, J. A. Titsworth, J. T. Arbuckle, Roy Harrold.

Will M. Sparks, James V. Young, A. B. Irvin, E. B. Thomas, J. Q. Thomas.

Superintendents and principals in the schools of the county are being asked to aid in the filling out of the questionnaires. County Superintendent George received a letter from Washington today saying that the teachers of the county could be of great aid to the young men in explaining the questionnaires and aiding them in filling them out. Mr. George, knowing that the instructors over the county will be competent and willing to aid the government in this way, is asking them to follow the suggestion of the government in this respect. It will be necessary for them to become acquainted with the law and the points in the questionnaire.

Superintendent George suggests that it might be inconvenient for young men in the farthest points in the county to come to Rushville to consult the board and the principals and superintendents in each township could meet on stated evenings to aid the men in their locality. Practically all of the instructors are busy the entire day and would have to do this work at night. In fact all of them teach all day with the exception of Superintendent Wagoner of Milroy.

AMERICA'S WAR CROP BIGGEST IN HISTORY

Record Corn Crop Amounts to 3,159,494,000 Bushels and is Valued at $4,053,672,000

Washington, Dec. 11.—America's war crops this year were the most valuable in its history, according to final estimates on acreage, production and value announced by the department of agriculture today.

The record corn crop amounted to 3,159,494,000 bushels, with a farm value of $4,053,672,000.

Winter and spring wheat production was 650,328,000 bushels, valued at $[illegible]

SERVICE FLAG IS GIVEN HIGH SCHOOL

Impressive Ceremony Accompanies Presentation by Senior Class This Morning.

MISS KATHRYN WOODEN TALKS

Flag Contains 53 Stars, Representing Present and Former High School Students in War.

An impressive service accompanied the presentation of the large service flag, bearing 53 stars, to the high school this morning by the members of the Senior Class. As Miss Kathryn Wooden finished the presentation speech with words of the poem "The Service Flag," a string holding the flag concealed in place near the top of the south wall of the assembly was cut, allowing the beautiful flag to unfold and display the 53 stars, one for each young man in the service who has been a student in the high school at some time.

Preceding the presentation an excellent program was given by the members of the senion class when the seniors sang three songs with original words after which Miss Wooden gave the speech of presentation as Miss Kathryn Wyatt lowered the flag. Supt. J. H. Scholl accepted the flag for the school. He spoke of the admirable spirit and talent exhibited by the senior class and said that the boys in the service would surely appreciate the news of what the school had done. He said too much praise could not be given pupils who are keeping alive the patriotic spirit of the school. Principal S. F. Stewart asked that all respect and keep unstained the beautiful flag presented and suggested gold stars be added should any of the boys lose their lives.

Orus Malott, who leaves this evening to join the navy, gave a fine talk, showing his determination to take his place in the world struggle. His talk was interspersed with wit and pathos. Although Mr. Malott has been in the community but a short time, he has made many warm friends. The teachers presented him with a beautiful gift as a remembrance of their appreciation of him. As John Norris led the school in giving nine rahs for the departing ones the school lustily expressed their good will for Mr. Malott, Erwin Greely and Harry Schatz, the last two who are leaving Saturday to enlist.

Miss Marjorie Thomas then played "The Star Spangled Banner" and the school rose as one person, singing the national anthem. The program closed with a fine reading of Riley's "Old Man and Jim" by Miss Gladys Bebout, a talented young reader.

Miss Kathryn Wooden in presenting the flag spoke as follows:

"Today we are most concerned with the sway of this great war. Everywhere we go we hear it and day by day we see our friends leaving us and joining the ranks. We are unable to join the march to the front for the support of those who have gone to face the enemy. They are apt, in time, to wrap the coat of seriousness about them and there is a danger of them becoming hardened, weary, and discouraged if our support is the least bit lacking.

"Last week Mr. Blank and Mr. Wiley left our school and this morning we are to bid farewell to Mr. Malott. I am sure that I voice the sentiment of the entire school when I say we are most grieved to see him leave. Three boys of our school left in the past week, two of whom were seniors and I am sure the class will miss them in its various activities. We do not wish to feel that we have given up these young men; we have only loaned them to Uncle Sam for a while and we hope and pray that they will be returned to us safely and as well as we have sent them.

COST ONE HUNDRED LIVES

Portugal's Revolution Also Resulted in 500 Being Wounded

(By United Press.)

Lisbon, Dec. 11.—Portugal's successful revolution cost one hundred deaths and five hundred wounded. Colonel Paes issued a summary of the orders immediately explaining all of the cause of the rioting. Premier Costa and Foreign Minister Soares arrived here today from Paris where they attended the inter-allied meeting.

ROARS CHALLENGE TO THE ALLIED ARMY

German Artillery Believed to be Preparing For Heaviest Attack Since Invasion of 1914

FRENCH MAY BEAR THE BRUNT

(By United Press.)

Amsterdam, Dec. 11.—Plans for the greatest all-German offensive campaign on the western front were made at a meeting Friday of Field Marshal Von Hindenberg, Premier Hertling and Quartermaster General Ludendorff, according to dispatches received here today

London, Dec. 11.—Over the whole of the west front today, the German artillery was roaring a challenge to the French and British armies. Somewhere along the German battle front, it is believed Germany is preparng to make the heaviest attack since the invasion of 1914.

She is masking the place chosen for that assault by an artillery bombardment along the sectors of the British and French lines. From this is decided that Hindenberg had chosen the French as the opponents for his masked army. Field Marshal Haig's war report today emphasized that Germany is seeking the weak spot in the western lines.

THIRTEEN NEGRO SOLDIERS HANGED

Those Who Participated in Riot at Houston, Texas, Pay Death Penalty Today

HANGING IS AT CAMP TRAVIS

(By United Press.)

Fort Sam Houston, San Antonio, Tex., Dec. 11.—Thirteen negro soldiers were hanged here early today after participating in the Houston riot of August 14. Forty-one were given life term sentences in the federal prison, one was given two years and six months, three were given two years and five were acquitted.

So far as it is officially known, this is the first execution of American soldiers on American territory since the United States entered the war.

The executions were in charge of Major General John W. Ruckam, commander of the southern department. It took place on the government reservation on Salado Creek, Camp Travis.

No one outside of military officials knew of the impending executions until this morning. The verdict convicting the negro soldiers was returned November 30.

FOR INFLUENCING A GIRL

Clarence Carpenter was arrested today on a bench warrant from the circuit court, charging him with influencing a ward of the state. He was released on $100 bond. It is said that he influenced a ward of the state girls school at Clermont, who was employed as a domestic in a Rushville home. She has disappeared and a search is being made for her.

ALL MUST AID IN RED CROSS DRIVE

County Has Few Not Able to Join Society—Endeavor to Enlist Half of Population

MANY WOMEN INDIFFERENT

Men, Who Have Not Enlisted, Have Made Few Sacrifices—Are Asked to Aid

Robert E. Mansfield, chairman of the Executive Board of the Rush County chapter of the Red Cross, when asked today concerning the big membership drive to be made by the society during the week of December 17-24, said:

"Rush, is one of two counties in Indiana that has a Red Cross membership equalling twenty percent of the total population. This is a record of which we are justly proud, and the pride of those interested in the work will increase in proportion to the gain in membership. In Rush County there are very few people who cannot afford to join the Red Cross, and we should by a careful canvass, be able to increase the membership to fifty percent of the population. That, I believe will keep the county at the head of the list in the state.

"Many patriotic American citizens who are seriously and deeply interested in every activity relating to the war, do not realize the importance of the Red Cross as a vital factor in this great conflict. A visit to the Red Cross headquarters in the Masonic Temple, or to the workshop of any of the several auxiliaries in the county, will be sufficient to convince any one of the tremendous activity and industry of the patriotic women who are providing daily hundreds of garments and articles of comfort and necessity for the men in training in this country, and for those in the trenches and the camps in Europe. The combined efforts of the women in the Red Cross workshops in America constitute one of the greatest industries engaged in war activities—an industry in which all the splendid executive ability and efficient labor employed are voluntary. The thing that insures continued activity in this work, and an increase in production by these voluntary and willing workers, is the loyalty of the women of the country, and the pride they take in providing garments, hospital supplies and surgical dressings for the soldiers. It is a work that appeals to their sentiment and their patriotism. And so long as the need exists, the American women can be depended upon to bear the major burden in this great humanitarian work.

"There is in this country, however, a few women who are apparently indifferent, or who do not realize the responsibilities devolving upon every citizen, and the necessity for individual effort and sacrifice in this great emergency. But this failure on the part of some women to realize the duties of the hour, and to meet fully the exegencies of the times, is true in a larger sense of

(By Judge Will M. Sparks.)

There is no more worthy cause than that of the Red Cross. The sale of the Red Cross stamps by our local girls is for the purpose of helping defray the expenses of our visiting nurse, who has been, and is doing such splendid work in our community. Every dollar received by these girls is spent in Rush county for the relief of our own people. It is the cause unbounded

SENATE WILL PROBE AFFAIRS OF THE ARMY

Searching Inquiry Into Military Situation, Particularly Draft Army, Ordered

DRY AMENDMENT DUE MONDAY

(By United Press.)

Washington, Dec. 11.—A searching investigation into the whole military situation, particularly the organizing, training and equipping of the national army, was ordered by the senate military affairs committee today.

While the whole military situation will be probed, including conditions of the American expeditionary forces in France, special attention will be directed to the draft army which has been the topic of many complaints as to equipment and organization.

The national prohibition amendment to the constitution will come up for consideration in the house next Monday. A record vote is planned by house leaders.

Passage of the amendment by a two-thirds majority will place the question up to the state, the senate having passed it last session.

Investigation of sugar and coal conditions by the senate committee on manufactures was ordered by a resolution ordered by Senator Lodge and adopted without debate.

MORBIDLY CURIOUS ARE DEPORTED TODAY

Special Trains Await Those Who Invade Halifax—Dead Being Buried Rapidly

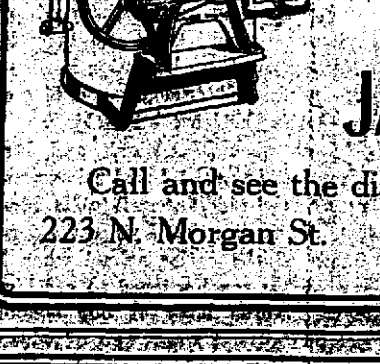

SHIPS DAMAGED BY EXPLOSION

(By United Press.)

Halifax, Dec. 11.—The morbidly curious who sought to enter Halifax today were confronted by armed guards who speedily shipped them out again in special trains which were made up and ready for the deportation.

The burial of the dead is being conducted as rapidly as possible. Volunteer grave diggers are hard at work today and tonight. Relief work is hampered by a severe storm.

Nine ships in the harbor were destroyed or badly damaged by the explosion of the munition steamer, it developed today.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes, and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients.

They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50.

ACME Worm Bouncer

To my customers:

On account of the increased cost of manufacture, I was compelled to advance the price on ACME WORM BOUNCER October 29th, 1917, and the following prices are now in force:

50 lb drums	$ 4.75 each
100 lb drums	9.25 each
150 lb drums	14.00 each
300 lb lots	28.00 each
500 lb lots	42.50 each
1000 lb lots	81.25 each

Self Feeders will be shipped free with the first orders as follows:

One Self Feeder free with	150 lb drums
Two Self Feeders free with	300 lb lots
Three Self Feeders free with	500 lb lots
Three Self Feeders free with	1000 lb lots

Above prices are subject to a cash discount of 2% 15 days. ACME WORM BOUNCER is now fed at the small cost of 6½ per month. Hogs must be fed something to expel and prevent free intestinal worms and the Cholera which is caused by them. It does not take many worms to eat up 6½c worth of feed at these prices. ACME WORM BOUNCER will expel the free intestinal worms from hogs, horses and sheep (if they have any), WILL POSITIVELY PREVENT THOSE WORMS and prevent over 90% of the hog Cholera which is caused by them, keep the bowels just right, the appetite good, and place the hogs in such condition that they will make the most of the feed and care given them. ACME WORM BOUNCER is honest goods at honest prices, and only remedy fed successfully in Self Feeders.

During the years ACME WORM BOUNCER has been fed, I do no know of a single customer who has fed ACME WORM BOUNCER for 30 days and continued to feed it and thereafter lost hogs with Cholera. You must feed your hogs something. Then why not feed a remedy which will positively produce these results? — and the reuslts you must produce in order to make hogs pay.

Newfoundland Aids England By Sending 10,000 Warriors

Newfoundland, though her population does not exceed that of a populous English industrial city, has sent 10,000 men to fight the battles of the British empire in this war, observes the Christian Science Monitor. It is a magnificent record, and exactly what one would have expected from a country which sent its fishing ships to help in the destruction of the great armada.

It was in 1583 that Sir Humphrey Gilbert took possession of the island in the name of his "most gracious lady, Queen Elizabeth;" it was only five years later that La Felicissima Armada left Corunna for English waters, so that Newfoundland had an early opportunity of establishing a tradition for gallantry which Newfoundlanders are so splendidly vindicating in the present war.

The "Ancient and Loyalle Colony" of Newfoundland is celebrating the four hundred and twentieth anniversary of her discovery, an occasion which is seized by the rest of the empire to wish her godspeed.

A Deadly Foe

Tuberculosis is as deadly a foe to our troops as German bullets and bombs. It is undermining the civilian life of this country and unfitting men for service in the army. Few Americans realize that it is estimated by physicians that 2 per per cent or 200,000 of the 10,000,000 men subject to the selective draft, will be found to be victims of this disease, and will therefore be among the "rejects."

These "rejects" must be cared for. The men who go to war must be protected against infection, and the country must be kept free of the scourge at a time when every ounce of vitality and energy are needed in the service of democracy.

"Will you do your part by buying more Red Cross Christmas seals than you ever bought before?" asks the Seal committee. "Remember, every seal provides ammunition in the fight against tuberculosis."

So far the administration has not placed farm implements in the list of preferential merchandises, and if this is not done the prices on this line of goods are liable to go even higher than at present. Farmers should consider this possibility and lay in all implements that will be needed for the next season's campaign. Remember the pressure is not yet removed. Another year's strenuous work is before us, if no more, and we should all profit by the successes and the failures of the past year.

A profitable employment for the girls is the making of handy little scrap books of jokes, cartoons, and short articles of local interest to be sent to brothers, sweethearts and friends in the camps and at the front. Make them as local in tone as possible and they will be much appreciated by the boys. No need to aim at permanency, as the boys will probably not be able to preserve them after they have enjoyed their contents.

The fellow who always has a kick coming, sometimes gets it.

IN THE RED CROSS DRIVE ALL MUST ASSIST

the men. In fact very few men, except those who have volunteered their services, have made any sacrifices for the winning of this war. Almost none have made financial sacrifices. The contributions to the Red Cross War Fund, the purchase of Liberty Loan Bonds, and to the Y. M. C. A. fund, have generally been easily within the financial resources of the subscribers, involving no sacrifices. And many good citizens of Rush County have not contributed to any of these worthy causes, nor have they identified themselves with any of the many activities now occupying some of the time of a majority of the American people.

To the indifferent women we would say, join with your friends in the Red Cross work. Your first day in the Red Cross work shop will give [illegible]

and a better appreciation of the importance of winning this war—an interest that will increase with each day devoted to providing some useful article, some comforts for the men who are fighting our battles.

"The man who has remained indifferent—adamant to the call of duty, should free his conscience by contributing some of his time and money. If your claims is that you cannot spare the time from business, just remember that in the event we loose, you will have no business, and the country whose protection you now enjoy, and which has enabled you to prosper, will pass under a control that will take from you not only your business but your liberties as well. You will then have time to reflect upon your failure to perform your part of the service necessary to save the country from Prussian domination.

"The Red Cross, the great humanitarian branch of the government service, and one of the potent factors in the war organization, will on Monday, December 17, start, a special membership campaign, in which an effort will be made to increase the membership in the United States to 15,000,000 is equal to only 15 per cent of the total population, a very small percent. indeed, considering the importance of the work being done.

"It is not only the patriotic duty, but should be the pleasure of every citizen of Rush County to subscribe to this humanitarian cause. The ordinary annual membership fee in the Red Cross is one dollar. Subscribing members, who receive the Red Cross Magazine, the official organ of the society, pay two dollars a year.

"Rush county will be organized into districts, and canvassers will be assigned to each subdivision. Every resident of the county will be solicited to become a member, and when this canvass closes, those who have failed to avail themselves of the opportunity of becoming identified with this branch of the service will have voluntarily placed themselves upon the small list of indifferents, whose next classification is SLACKER.

RHEUMATISM RIDICULOUS

It is Not Necessary to Suffer Any Longer

"Neutrone Prescription 99" is the new relief. It is absolutely different, it produces results.

No hot, stinging liniments, no burning plasters, no steam baths, no electricity or massage, no spending long months in the house with loss of pay.

"Neutrone Prescription 99" promptly relieves the most stubborn and long standing case of rheumatism. You will feel distinctly the aches, pain and stiffness leaving your poor inflamed, swollen, suffering joints and muscles, and oh, what a relief after your pain and misery!

Go get a bottle of "Neutrone Prescription 99" and say boodbye Rheumatism, it certainly does the work. 50c and $1 the bottle. Mail orders filled.

Doctors Hand Out Live Tips

They Take The Public Into Their Confidence

Prominent physicians claim people fail in life because of "nerve hunger" that it is the active bright-eyed, strong nerved man or woman who is "there" at work or play.

Strong, well-nourished nerves is the great secret of success, health and happiness.

Men and women try to live regardless of health, strength, ambition, energy and hope, they exceed the speed limits, wasting nerve strength and energy and fail to store up reserve force, afterwards they only exist, life has no joys.

Without energy, ambition, strong nerves, and pure blood one cannot hope to enjoy the fullest measure of success and happiness.

A noted specialist says, "Phosphated Iron brings strength to the blood, nerves and brain, that it is a perfect combination of vital elements of great tonic qualities when taken by 'Nerve-sick humans,' that it will increase body and nerve energy, restore ambition and staying powers."

He also says: "If you are the victim of overwork, worry, excess of mental and physical forces, have the blues, and the pleasures of life are no longer enjoyable, that you need Phosphated Iron to brace, build you up and put you on your feet again."

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets. PITMAN & WILSON and leading Druggists Everywhere. Rushville, Ind.—(Adv.)

Our New Cash-Carry Plan

Owing to the food situation we are going to change our plan of doing business. On and after Dec. 10, 1917, our terms will be

STRICTLY CASH

AND

NO DELIVERY

We feel that with the elimination of our delivery system and selling for STRICTLY CASH we can give the public a much better price on food stuff.

The Government has requested the utmost efforts on our part toward reducing the cost of delivering merchandise. Your patriotism, we know, will encourage your co-operation in assisting us to comply with the request. You will agree that every store operating a delivery system of any kind is an extra expense which the public pays.

"IT PAYS TO CARRY IT HOME"

This co-operation will help greatly toward a saving and will result in lower price to you, as our method of selling goods is based entirely on the cost of merchandise, plus expense and reasonable profit. Therefore we say

The Lower the Expense —the Lower the Cost to You!

A SURE REMEDY FOR SOUR STOMACH AND CONSTIPATION.

A few minutes after taking Pepsinco, sour stomach is relieved. No gas, misery, or heaviness bothers. Follow a few meals with Pepsinco and a natural, normal bowel action will be the result.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behooves every one to watch for the sign.

Pepsinco is the best remedy for any ailment of the stomach and positively regulates the bowels without any harmful effect. Pepsinco does not act on the bowels in the manner of a cathartic. Take Pepsinco if you have any of the symtoms of poor digestion. Pepsinco carries out natures method thru its positive digestive action. A small package gotten at any drug store will prove our assertion. Ask for Pepsinco and get it. Fully guaranteed.

30° Below Zero by Night

Would no doubt cause a great amount of suffering. These cold winter days and nights call for heavier clothing. Perhaps your last season's overcoat or heavy suit is a little shabby in appearance; maybe it needs a new lining or has a few soiled places. Bring your garments to us.

HAVE US DRY CLEAN, PRESS AND REPAIR THEM. Double your service on all your garments by giving them the proper attention. Our methods will insure long wear.

With Xmas only a few days off, it would be advisable to place your dry cleaning and pressing order for this occasion as soon as possible. Give your clothes a newish appearance.

MANY POUNDS OF MEAT AND WHEAT ARE SAVED

Savings by Hotels and Restaurants Alone For One Month is Estimated in Reports

LESS WHEAT AND MEAT SOLD

About 500 pounds of meat and 300 pounds of wheat were saved by the restaurants and hotels alone during last month by the observance of "Meatless Tuesdays" and "Wheatless Wednesdays." This is a modest estimate considering the fact that each restaurant and hotel reports at least one hundred pounds of meat saved during the month; some of them report several pounds over. An average if 75 pounds of wheat was saved by each of the hotels and restaurants during the month.

This report, too, does not include the saving of these products by the practice of the meatless and wheatless days in private homes. There is no way of estimating the enormous saving which has resulted from a month's observance of these days by a number of the homes of the county. The grocers and meat dealers report, however, that the decrease in the sale of thees porducts is noticeable while they say that the sale of corn meal and substitutes make up for the shortage in the sale of other products. Fish dealers too say their business has had a jump since Rush County has started to "Hooverize." Monthly reports are sent in by the hotels of the city to H. E. Barnard, state food administrator, as to the quantity of meat and wheat they have succeeded in saving.

FIREMEN ASKED TO BE MORE CAREFUL

Request Made by State Fire Marshal at Rotary Club Meeting in Evansville

MAY HAVE POLICE POWERS

(By United Press.)

Evansville, Ind., Dec. 11—Recommendation that firemen give more attention to prevention of blazes, inspection of buildings, removal of inflammable rubbish and other such work, was made by H. A. Friedley, state fire marshal, in speaking before the Rotary club here today. Friedley recommended that firemen be given full police powers to carry out this work successfully.

"The fire department should be held to account for enforcement of ordinances relating to fire prevention." he said.

He complimented the business men of Evansville on their work toward fire pervention. He stated that the city had made great progress in removing fire traps and in construction of better buildings. In the first nine months of 1916 the fire loss per capita for Evansville was $2.72 and in the same period for 1917 it was $1.90.

HOTELS TO CONSERVE MORE

Hooverized Banquet Will be Served to Hotel Men

(By United Press.)

Indianapolis, Dec. 11—Further steps toward conserving food supplies by hotels were decided upon at the annual meeting of the Indiana Hotel Keepers' association here today. The hotel men decided upon more stringent observance of meatless and wheatless days and other orders of the food administration. A Hooverized banquet will be served to the members at the Severin hotel tonight. There will be no wheat or meat in the foods. The association has more than 700 members, the annual reports, presented today, show.

A very interesting program on "Charles Dickens" was given at the meeting of the Shakespeare Club held with the Misses Jessie and Pearl Kitchen when they were assisted in entertaining by Mrs. Glenn Thomas. Miss Kate Dennis opened the program with a paper on "The Life of Charles Dickens," dealing in an interesting way with the incidents in his life especially as they affected his writings. Miss Edith Caldwell chose some of the best extracts from "Christmas Carol," in the clippings which she gave and an excellent review of "Nicholas Nickelby" was given by Miss Henrietta Coleman.

A short business meeting followed the program and later the hostesses served dainty refreshments to the fifteen club members present. The next meeting will be January 7, when Prof. Jenkins will lecture on "Dickens."

Invitations are out for the recital to be given by Nicholas Vachel Lindsay, modern poet, at the Social Club on Friday evening at eight o'clock. The poet, who has gained popularity in the past few years by his poems and his own original way of giving them, has offered his services to friends here that the entire proceeds from the entertainment may go to the local Red Cross society. The entertainment is under the auspices of the Shakespeare Club assisted by several Social Club ladies. No admission will be charged but a silver offering will be taken for the benefit of Red Cross.

Mr. Lindsay comes here from the east where he has given recitals in Philadelphia, Pittsburg, New York and a number of other eastern cities. His home is in Springfield, Illinois.

The inclemency of the weather did not decrease the interest and enthusiasm in making the meeting of the Ladies Musicale yesterday afternoon an excellent one. As this was the last meeting of the year, a Christmas program was carried out as follows with Mrs. Joe Clark and Mrs. Ralph Miles as leaders:

America.

Piano Duet—Cujus Animan, Mrs. Ralph Miles, Mrs. Ed Chambers.

Piano Solo—"Oh, Thou Sublime Sweet Evening Star," Mrs. Ralph Miles.

Vocal Solo—"Calling Me Home to You," Miss Mabel Morris.

Piano Duet—Mrs. Denny Piper and Mrs. Elmer Kellam.

Paper—"Christmas Music," Mrs. R. W. Noyer.

Vocal Quartet—"Silent Night," Miss Wanda Wyatt, Miss Alice Norris, Mrs. D. D. VanOsdol, Mrs. Frank Wolcott.

Piano Solo—Mrs. Frank Parke.

Vocal Solo—"Christmas Lullaby," Miss Marian Lucas.

Mrs. Claud Crane was hostess to the members of the Monday Study Circle yesterday at her home in Milroy, when she entertained the ladies with an all day meeting. The entire time was spent with Red Cross work and a pitch-in dinner was served at noon. The plans were made for the Christmas meeting which will be held with Mrs. William Bosley. At this time guest day will be observed.

Penny Pinching Not Always True Economy

I have learned that the intelligent housewife—the woman schooled in really scientific domestic economy—no longer throws away a nickel to save a penny.

A good way to illustrate this point would be through comparison of baking powders.

Experience has taught me—and millions of other women that it doesn't pay to buy cheap baking powders. They cost a few cents less, but in the long run they are decidedly the most expensive. Because of the low grade materials employed in their manufacture they cause many bake day failures—and great loss of expensive ingredients. The housewife throws out, in wasted materials many times the amount saved on the cost of the baking powder. This is not economy, but extravagance.

True economy in baking powder demands the highest quality at the lowest price. Only baking powders that meet these demands should be used. Only baking powder that is made of the highest class ingredients so perfectly proportioned that it not only produces maximum leavening power but also *preserves* it.

Besides, the baking powder that meets the modern demand for economy should be economical in use—full strength—economical in cost—secured at a moderate price. The housewife should be able to effect a saving when buying—and another saving when using—and she should save materials it is used with.

That is economy in its highest form. Complete economy. The only kind of economy the housewife should attempt.

I have proved positively by exhaustive experiments and comparative tests that Calumet Baking Powder is best suited to these savings. It possesses the surety, the purity and goodness that make constant employment of utmost baking economy possible.

MRS. ZILPHA HAYSE EXPIRES EARLY TODAY

Dies at Age of 70 Years of Kidney Trouble at Home of Her Sister Near Raleigh

FUNERAL THURSDAY AT 1 P. M.

Mrs. Zilpha Hayse died this morning at 2 o'clock at the home of her sister, Mrs. Susan Boles near Raleigh where she made her home, after an illness of one year. Her death resulted from kidney trouble. Mrs. Hayse was 70 years of age and was a member of the Center Christian church, where she was an active worker until the time of her sickness.

Mrs. Hayse is survived by three sisters, Mrs. Sissa Okey, Mrs. George Fletcher, Mrs. John Boles, and two brothers, Rufus Johnson and Walter Johnson.

The funeral services will be held at the home of Mrs. Boles Thursday afternoon at 1 o'clock with the Rev. J. P. Myers of Indianapolis officiating, and burial at the Raleigh cemetery.

Days Pickings

A baby girl weighing ten and one half pounds has been born to the wife of Carl Dishinger.

The semi-annual examinations will be given in the township schools on Thursday and Friday of next week. Questions for the examination were received by County Superintendent C. M. George today. Pupils in both the high schools and common schools in the county will take the examination.

two hours, instead of hourly according to schedule. The limited cars have been taken off until the weather improves.

The rural mail service was slightly improved over yesterday. Whereas only four carriers completed their routes yesterday, at one o'clock this afternoon some carriers had delivered all of their mail and the postmaster had no word from the others. He knew, however, that none had turned back. This morning the rural mail men delivered yesterday morning's papers because they could not wait until the mail train from the west arrived. It did not reach here until eleven o'clock, which was three hours earlier than the time of its arrival yesterday. Only one carrier used a horse and wagon yesterday and today two drove horses, the remainder traveling in machines.

Postmaster Hunt says the country roads are the worst they have been for years. It is the first time in four years, he says, that carriers missed the morning papers more than one day. Farmers have been slow in clearing the roads and mail men have had to carry shovels to dig their vehicles out of drifts.

COLD WAVE REDUCES RUBBER GOODS STOCK

Shortage Exists Anyway and Heavy Demands For Footwear Causes Supplies to be Exhausted

REASONS FOR THE SHORTAGE

The shortage in rubber overshoes, boots and such footwear and the decided drop in temperature with the heavy snow has kept the shoe men busy during the past few days. One dealer in men's shoes alone has sold at least one hundred fifty pairs of overshoes and boots and another reports that he sold all he had and could have sold $125 worth more on Saturday alone if he had had the goods. Several other dealers say they have sold between one and two hundred pairs, some having exhausted their stock.

Immense orders for army supplies and the lack of help, both have caused the shortage of such footwear. A number of the young men employed in the factories making these goods have joined the army and many of the girls are working in munition plants. Early this fall, the government placed immense orders with the factories for artic overshoes and rubber boots. This condition of affairs makes it very hard for local dealers to supply the demand of their customers.

HEARINGS ARE HELD ON TRACTION INCREASE

Large Number Protested Against Five Cent Fare Increase Because of Suburbs

WATCHED WITH INTEREST

(By United Press.)

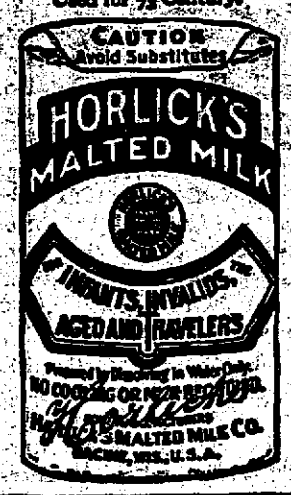

Indianapolis, Ind., Dec. 11.—Preliminary hearings were held today by the public service commission on the petition of the Indianapolis Traction Terminal company for permission to increase its fare to a straight five cents. A large number have protested against the increase, specially real estate men who believe it will hinder the growth of the city in suburbs. Auditors of the public service commission have thoroughly inspected the company's books and a valuation has been placed on the property by the commissions' engineers.

This case is being watched with interest all over the state for it is the first one of a general movement to increase car fares in all important cities.

Tonight at the Gem "Lonesome Lake" in a new comedy and another picture of the experiences of the "Neglected Wife" will be shown. Tomorrow, the favorite Mary Miles Minter appears in "Melissa of the Hills." In "Melissa of the Hills" she is just the appealing, childlike character which finds her at her best, and there seems no reason to doubt that the new drama will be one of Mary's most popular offerings.

"Little Miss Optimist" is the title of the clever picture to be shown at the Princess this evening with Vivian Martin and Tom Moore starring in the leading roles. An interesting romance is told through the story. Tomorrow, a college romance will be shown in "His Father's Son" in which Irene Hawley and Lionel Barrymore play the lead. The Pathe News features will also be added showing up to date happenings.

SERVICE FLAG IS GIVEN HIGH SCHOOL

Continued From Page 1.

Others than those whom I have mentioned have heard the call and there are 53 boys now in the service who have at one time been members of this high school. We want them to know that we appreciate what they have done and that 'out of sight is out of mind' does not hold true in their case. We follow them in mind, across the seas, into the trenches and even to death if it so terminates.

"The class of '18 gives to the school at this time a service flag. The stars of 'Old Glory' each represent a state and the stars of this flag each a young man who has at one time been a member of this high school.

"I have been requested to read the names of those represented.

"I consider it quite an honor to represent the senior class on such an occasion. I am sure you will all appreciate the significanse of this beautiful emblem of service. I think our feelings are well expressed in the poem of William Hershell, 'The Service Flag.'" After this she recited the poem.

Although there are only 53 stars in the flag, there are 71 names of former students in the service in the appended list and stars will be added to the flag for those not represented. There are doubtless many others and any person who may think of students not in the list are asked to notify the school authorities or Harold Perkins, president of the senior class. The names follow:

Robert Abels, Fred Beale, Harold Bever, Allen Blacklidge, Weldon Brann, William Brann, Scott Buell, Robert Carr, Edward Cooning, Lester Coons, Ivan Coyne, Robert Conway, Lester Caron, Lawrence Cameron, Posey Denning, Cleo Emswellер, Walter English, Ira Fultz, Ozro Farthing, Walter Gartin, Lowell Green, Harry Green, Russell Gray, George Hogsett, Ross Hutchinson, Eugene Helm, Russell Kirkpatrick, Donald Moore, Stanton McBride, Howard Miller, Perry Oneal, Ralph Pen, Letcher Pope, Harold Pearce, Harry Petry, Lorraine Rosencrance, Archie Roam, Wilbur Snodgrass, Wilbur Spivey, William Sexton, Charles Schrichte, Charles Stiffler, Max Wallace, Fay Wiley, John Wilkinson, Edwin Watson, Harold Wolcott, Robert Humes, Duane Reed, Erwin Greely, Harry Schatz, Tom Saunders, Donald Sparks, Gus Williams, John Kennedy, Hines Hogsett, Joe Hitt, Gurney Abernathy, Chase Monjar, Fred Abernathy, Chester Perin, Eli Kinney, William Fitzerald, Harold McClannahan, Frank Griffin, Tom Meredith, Carl Wright, Howard Brecheisen, Marion Finney, Will McGuire, Orlando Simms.

The campaign song, composed and sung by the Rushville chapter of the Young Ladies Mission Circle at the Bethany conference this summer when the local girls were winners in the contest, appears in the cover of the Indana Quarterly published by the Christian Missionary societies. The girls opened the meeting of the Circle last evening with the singing of this song when they met with a life member of the Circle ,Deryl Case, at his home in North Main street.

Plans were made and leaders appointed for the three sides, into which the Circle has been divided, for the contest for membership to begin now. Three members of the C. W. B. M. will aid the leaders who are: Mrs. Glen Moore, leader of the Reds who will be assisted by Mrs. D. H. Dean; Miss Grace Billings, leader of the Whites who will be assisted by Mrs. G. P. McCarty; and Miss Florene Gronier, leader of the Blues, assisted by Mrs. J. H. Frazee. Mrs. Donald Alexander was elected campaign leader. Miss Cornelia Schrieber was elected president of the Circle since the resignation of Mrs. Scott Hosier who has been president in the past.

An interesting program featured the meeting last evening, Mrs. Marion Finney led the bible study and Miss Hazel Woollen read a paper on "The Immigrant." Following the
